Holland Park Easter Holiday Activities

The Ecology Centre runs a scheme of outdoor and creative activities in the Easter holidays utilising the park and our wooded Wildlife Area. Our fun-packed programme for four to ten year olds and a Forest day for 8 to 12 yr olds.

Y6 Weekly Report: This week, Journalists Kyle and Tasnim have been out and about.

In Y1, they have been comparing numbers to see which one is the greatest and smallest- numbers from 1-10. In Y2, they were comparing fraction and also seeing which is largest. Rania, Surayya and Zaynab told us that they divided fraction like $1/5$, $1/4$, $1/2$ and $1/3$ and a bit of multiplication. Similar to Y2, Ahmed and Anna have told us that they have been timesing fractions and working on telling the time. Also, in Y4, me and Kyle asked Zayn and Anna what they have been learning and they told us that they wrote new reports from the story 'Tuesday' and have done many maths assessments. In Y5, we asked Rym and Mohamed about their learning and they told us that they have similarly been learning time, like Y2, and reading assessments on Oliver Twist. Last but not least, Y6 have been drawing pie charts and working out the value of each piece. Have a good Easter Holiday, from Kyle and Tasnim.
